Description of the furniture family

SUS W is a family of wardrobe lockers equipped with a bar with two hooks, a self-adhesive label holder and ventilation that increase air circulation. The solid construction of the lockers allows them to be placed on feet, a socle or a base with seat and shelf for shoes, and the installation of a slanted top. SUS wardrobes are used in every employee changing, school and gym locker room. The lockers are delivered complete and do not require assembly, so that they gain strength and stability. As standard, the cabinets are available in 16 colours at no extra charge.

1. The given dimensions are dimensions without the lock protruding beyond the outline of the cabinet. 2. The given dimensions may differ from the actual ones by ±5 mm. 3. We reserve the right to make structural changes in the products, while maintaining their usability, which may slightly affect their appearance. 4. In the case of built-ins where exact dimensions are important (e.g. inserting cabinets into niches, enclosing), please consult the dimensions given in the price list with us. This table is for color representation only. A more accurate color reproduction is included in the full RAL color palette. We reserve the possibility of slight deviations from the given colors, which does not entitle to submit complaints. We also reserve the right to make structural changes in the products, while maintaining the usability, which may slightly affect their appearance. The colors of the products in the photos and visualizations in the catalog are for illustrative purposes only and may differ from the colors of the products offered in reality.
