

The QST 212 cabinet from the military furniture family is used for storing: equipment, weapons, ammunition, uniforms, and other soldier's gear. Perforated doors provide ventilation and protection against moisture buildup inside the cabinet, as well as easy inspection of stored equipment. In the standard equipment of the QST 212 cabinet, there are hooks, a shelf, a drawer, and a lockable compartment for weapons and 2 magazines. The cabinet is available in 16 standard color options and comes with a five-year warranty.

DISTINCTIVE FEATURES:

- 3 long gun holders: 2 horizontal hangers and one magnetic vertical hanger.
- Lockable key compartment for short firearms and two magazines (Standard for the Glock 17 model).
- Helmet hanger.
- Plate Carrier vest hanger in size XL, along with inserts and full gear.
- Hooks for small equipment such as tactical belts or bayonets.
- Non-slip rubber lining on the cabinet floor.
- 5-year warranty (according to Malow product warranty terms).
- The cabinet is made of 1 mm thick steel sheet.
- Door handle with a lock that locks the door at 2 points (top and bottom).
- Perforated doors for interior ventilation.
- Continuous perforation over the entire height of the cabinet allows for adjusting shelf height every 25 mm.
- Prior to powder coating, a zirconium phosphate and zirconium conversion process was applied. This process provides the appropriate corrosion protection for a specific environment and ensures strong adhesion for the powder paint.
- Sixteen RAL colors available as standard. The option to choose different colors for the body and doors provides up to 256 color variations.

Adjustable height of individual components.

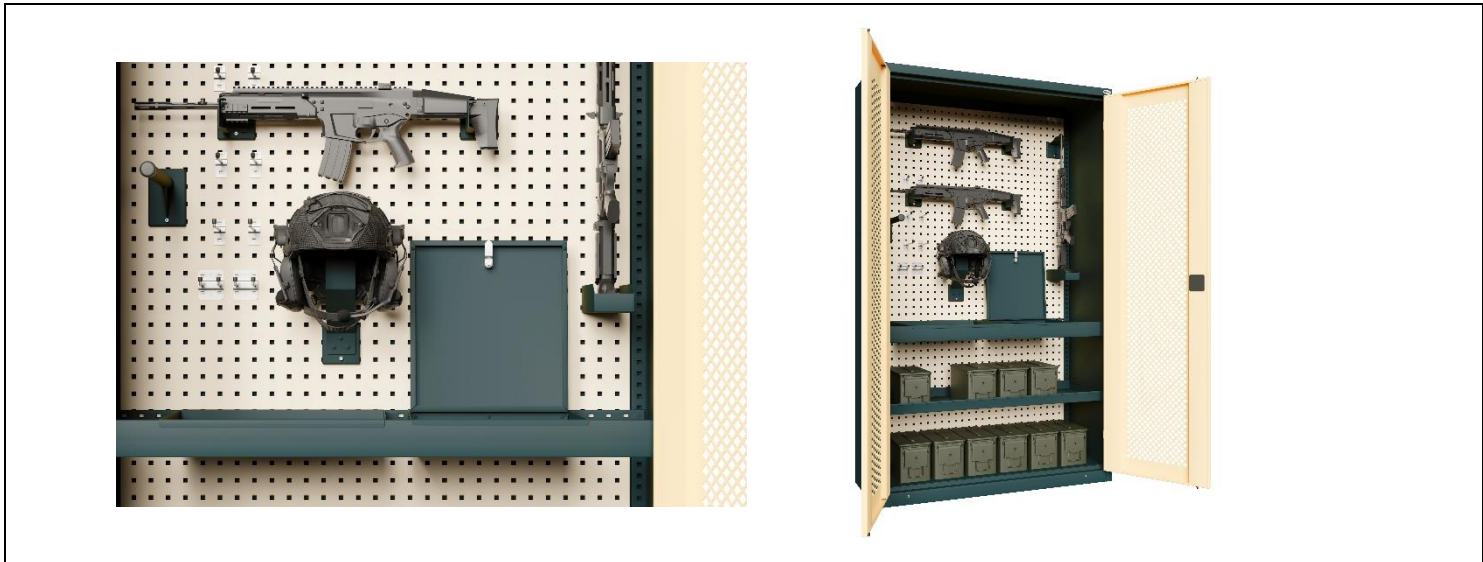

Perforation allowing for interior cabinet ventilation.

QST 212 CABINET FOR MILITARY EQUIPMENT

	Code	QST 212
	Designation	XXXP 030652
	Height (mm)	1990
	Width (mm)	1200
	Depth (mm)	500

Military Center for Standardization, Quality, and Codification, Codification Department of Defense Products Division 43, National Codification Bureau, has assigned for MALOW the NATO's National Economy Entity Code: 1962H

Malow furniture is available in sixteen standard colors.

We are confident in the quality of our products - Malow furniture is covered by a five-year warranty.

Our products are tested in Malow's laboratory.

The furniture is protected against corrosion thanks to the zirconium surface treatment. Preparing the furniture with this technology ensures excellent adhesion of the powder coating.

Malow furniture is produced in accordance with ISO 9001:2015 and ISO 14001:2015 standards.
