# SMS SCHOOL LOCKERS
# WITH TWO SHELVES AND BOX FOR BOOKS

## Description

SMS school lockers allow students to store books, a second breakfast, outerwear and shoes. They ensure that they only take what they need for lessons. There are two shelves and a box for notebooks, books and school supplies inside. As standard, the box has two hooks for hanging clothes. The door limiter provides comfort when multiple people are using several lockers at the same time (e.g. during breaks). Door opening angle is 90º, so that the open door does not restrict the space for the user standing next to it. In addition, the opening limiter protects the reinforced doors from break-in attempts, making the cabinets safer and less damaging.

The furniture does not need to be assembled, giving it strength and stability. As standard, the lockers are available in 16 colours at no extra charge. It is possible to have the doors printed with your favourite and original graphics.

## Features

SMS

- SMS school lockers are intended for young people over the age of 12. When using them, please follow the enclosed instructions. The lockers are designed for storing books, clothes and shoes in dry and ventilated indoor spaces.
- Steel thickness:
  - 0,5 mm in ST version
  - 0,8 mm in LX version
- Reinforced doors with 90º door opening limiter made of 1.5 mm thick steel.
- In SMS lockers, each compartment is equipped with a book box with two clothing hooks.
- Master key lock with 2 keys as standard.
- Many types of locks can be used (including 1 point, deposit, padlock, electronic).
- 2 hooks placed on boxes and self-adhesive nameplate as standard.
- Delivered ready to use, no assembly required.
- Lockers have holes in back wall for fixing to wall and holes in side walls for bolting lockers together.
- Welded construction, additionally reinforced with welds to stiffen and strengthen the construction.
- Lockers are made of zirconium-conversion-protected sheet steel, powder-coated.

Available in 16 RAL colours at no extra charge.

| Number of compartments | 1 | 2 | 3 | 4 |

## Additional equipment

| | |
|---|---|
| | Slanted top available at extra cost. Helps to keep it clean, additionally 22° top prevents unwanted items from being left on top of the locker. |
| | A base with slanted feet is available at an extra charge. The feet are adjustable from 0-10 mm, allowing the locker to be levelled. |
| | A base with seat is available at an extra charge. The 0-10 mm adjustable feet help to level, raise and stabilise the locker. In addition to the seating, the bases offer the possibility of fitting a shoe shelf. Both wooden and PVC slats are available. |
| | A shoe shelf at the base is available at an extra charge. This provides additional storage space for footwear. The perforated shelf allows water to drain off and speeds up the drying of shoes. |

## Description of markings

5-year warranty shows that we are confident in our products due to high quality workmanship and reliability. We want you to feel safe and satisfied with working with us.

ISO certification confirms compliance with standards and the high quality of products and services we offer.

Our perforation is well thought-out, delicate and subtle. It guarantees adequate ventilation and fits perfectly into modern workplaces.

Zircon technology provides very good corrosion protection for our products. In addition, this process improves paint adhesion.

We offer 16 RAL colours as standard. Thanks to this our furniture can be matched to any interior.

We test our products in our own laboratory, the Centre for Research and Development (CBR). This ensures that the tests are comprehensive and carried out correctly.
