

Description

SBM extensions are the optimal way to increase the storage space of documents at the same time saving valuable space in the office. They are mounted directly to the top rim of the basic cabinet. It is recommended to anchor the extension to the wall. The furniture does not require assembly, so that they gain strength and stability. Shelves are adjustable every 25 mm, making SBM metal cabinets universal in use. The contents of the cabinets are protected by doors fitted with a lock. SBM extensions with hinged doors are characterized by a timeless design and ensure the safety of stored items at the same time. The cabinets meet the requirements of the GDPR.

Description of markings

	5-year warranty shows that we are confident in our products due to high quality workmanship and reliability. We want you to feel safe and satisfied with working with us.		ISO certification confirms compliance with standards and the high quality of products and services we offer.
	PZH approval is granted for a product that does not in any way adversely affect health or the environment.		Zircon technology provides very good corrosion protection for our products. In addition, this process improves paint adhesion.
	We offer 16 RAL colours as standard. Thanks to this our furniture can be matched to any interior.		We test our products in our own laboratory, the Centre for Research and Development (CBR).
	Cabinets meet RODO requirements.		Our products meet TÜV Rheinland standards, as confirmed by the GS mark.
